REMINISENCES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

It will undoubtedly be news to the general public of Redwood City and even to some of the members of the parish, that the members of the vestry of St. Peter's Episcopal Church at one time engaged in the business of publishing a paper. Yet from a news item published in the columns of the Times and Gazette of April 24, 1886, such appears to have been the case. The item referred to is as follows: "The second number of our local contemporary, the Church Times, appeared this week. It is a 16-page 12-mo paper, published monthly in the interest of St. Peter's Parish. The present (April) number contains much good miscellaneous reading, several local items and two perminent local articles. One of the letters advises the young men of the town to form a military company, while two of the locals items note baptism of two Redwood City infants, Gustav Henry Mullen and Annie Patrea Jacobus. Another article urges upon the people of the town the importance of establishing a public reading room and pleasure resort for the young men of the town, and calling upon the young men to themselves take the lead in som enterprise of this character."

April 24th, 1886, witnessed the passing of one of the earliest of pioneer settlers of California and cne of hte first business men of San Mateo county—David S. Cook, long an honored resident of the town of San Mateo. Born in the state of Vermont in 1822, he was essentially a self made man, having been compelled to make his own way from the early age of 14. While yet a youth he went to Illinois and successfully engaged in the stage business. In 1848 he caught the gold fever and started for California by way of the Isthmus of Panama, reaching San Francisco in May, 1849. He however failed to find the attractions as strong as he hadexpected and after a brief stay returned to Illinois. There he took unto himself a wife, and again settled down, but he had been given a taste of California life and push, and like many others could not long resist the call of the West. With his wife he returned to California in 1852 and settled in San Mateo, where a daughter, said to be the first American child born in the county, was born to him. He became the proprietor of the San Mateo House, which for a long time was one of the most popular hotels on the coast.

The Redwood City town election in May, 1886, developed a lively interest, bringing out a total of 271 votes, up to this time the largest vote ever cast at a municipal election. The chief contest was between John Titus andThomas Hind for the office of trustee, Titus winning by the decidedly small majority of 2. The other officers elected were John W. Glennan for clerk, L. Jacobus for treasurer, John Christ for marshal. John Hanley for assessor and J. M. Hughes for superintendent of streets.

On Sunday, September 26th, 1886, Trinity Chapel, the handsome new house of worship erected by the members of the Episcopal Church at Menlo Park, and said at the time to present the most hondsome interior of any church in San Mateo county, was consecrated to the service of God by Right Rev. William Ingram Kipp, Bishop of the Diocese of California, assisted by the pastor, Rev. William Stowe, Rev. A. L. Brewer of San Mateo and Rev. C. S. Fackenthall of Redwood City. No more clear impression of the appearance of the interior of the sacred edifice can be given than is contained in the statement published at the time, in which it was said: "The unfinished exterior of the little building gave no hint of the gem-like beauty of its interior, whose loveliness won an involuntary murmer of admiration from each member of the congregation of the morning. The interior is finished in redwood and white cedar, polished and oiled, but altogether unpainted, the rich roan of the darker wood being in most effective contrast with the lighter and more finely grained cedar. The decorations were simple but singularly effective, long ropes of smilax running from pillar to pillar around the main portion of the chappel and were festooned across the front of the choir. On thealtar was a composite cross, chiefly of white and pale pink flowers, flanked by vases of tea roses. So perfect a realization of simple elegance in churchly architecture was never witnessed by a California congregation." The consecration services opened with the presentation of the chapel to the diocese, Colonel Eyre reading the well chosen words of the document. The first vestrymen of the chapel were: W. J. Adams, Geo. Loomis, Percy Selby, Edward Hopkins, Hon. Leland Stanford. Hon. C. N. Felton and Col. E. E. Eyre. Much of the credit of the work of securing the erection of the handsome chapel was given to Mrs. Eyre, who while at the time almost an invalid was indefatigable in her efforts and effectually directed the work of her associates. At the time of its dedication about $2000 had been expended in the erection of the building and no debt had been left unpaid. The dedication services were attended by a large number of the members of St. Peter's parish of Redwood City, many of whom had taken a great interest in the work of their neighbors.

Two Die At County Farm

Two deaths were reported from the county farm by Superintendent Ford last week. They were: John Hinks, formerly of Menlo, a native of Ireland aged 60 years. G. Pezatti of Colma, aged 62 years.

"THE MILITARY GIRL," LOCAL PERFORMANCE AT ALHAMBRA.

"The Military Girl," an operatic extranangaza, will be given in the Alhambra on **Friday**, Oct. 13th and 14th. **St. Margaret's** Guild, Episcopal church are the promoters and they have secured the services of Mr. Fred Carlyle, the operatic coach of the University of California to do the coaching and managing. About thirty of the best singers in town are taking part and many of the members of the Choral Society have interested themselves. "The Military Girl" is one of those catchy musical mixups so popular nowadays. Replete with catchy music, good comedy, pretty costumes and staged with a snap so lacking in amateur performance the "Military Girl" cannot fail to make a tremendous hit. Rehearsals are being held daily with great enthusiasm. Many surprises are in store and an undoubted success is assured The participants are loud in their praise of the opera and the manner in which Mr. Carlyle is getting all the latest talent out of the people. The seats go on sale Monday at Ryan's drug store.

JAMES COCKS WILL GROW MUSHROOMS IN REDWOOD

James Cocks, who resides in North Fair Oaks, has introduced a new industry into the community—that of mushroom culture. Mr. Cocks is a carpenter and contractor, but feels that after many years of active employment he is entitled to pursue a vocation that is less laborious. Accordingly he has fitted up his place for the culture of the delicious mushroom. He has 1000 square feet planted and the vegetables are coming up nicely. They require considerable care however as to temperature and moisture, but Mr. Cocks is meeting with the most gratifying success and will soon have a large supply for the market. He will endeavor to sell his product in the local market, but should the demand not be large enough he is confident that he can dispose of his mushrooms in San Francisco. The domestic mushroom differs from the wild one in the absence of danger from poison.

Will Prosecute Hog-Ranchers

District Attorney Swart is preparing some sixty warrants for the arrest of the Colma hog-ranchers who have failed to comply with the requirements of the county sanitary ordinance. The movement against the hog-ranchers was begun at the instance of Dr. Blue, the government health officer, who ordered a sanitary cleanup at Colma.

New fall and winter styles just opened at Marcus' Department Store.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Go to Halfmoon Bay's Booster Meeting Saturday Eve, October 7th

We have carefully studied the amendments to be voted for on next Tuesday and would advise all voters to cast their ballots as follows:

Senate Amendments, numbers 2, 6, 8, 17, 20, 22, 26, 32. 54; 49 vote yes.

Assembly Amendments, numbers 0, 25, 28, 46, 48, 50, yes.

Senate Amendments numbers 5, 23, 48, no.

Assembly Amendments numbers 2, 26, 33, no.

VOTE NO ON NO. 18

It has been pointed out by Assemblyman Brown of this county that the adoption of amendment No. 18 is liable to serious interfere with judicial affairs and may result in the abolishment of the justices courts without making any provision for a substitute. While others claim to the contrary, where there is doubt as to the legal effect of an amendment the wise thing to do is to vote against it. The safe thing to do is to vote no on amendmen No. 18.

LET IT BE UNANIMOUS.

What ever may be the differences of opinion as to the advisability of the other proposed amendments to the state constitution, those providing for the enlargement of the powers and scope of the railroad commission should receive the unanimous support of the voters of San Mateo county. These amendments have received the careful consideration of the members of the Board of Managers of the San Mateo County Development Association and their adoption is heartily recommended by that body. This in itself should be sufficient argument for the voters of this section.

The men composing this board are waging an intelligent and determined fight for the betterment of transportation conditions on the peninsula, a matter of paramount importance to our future development. In their estimation it is a matter of importance to the movement that the law proposed by these amendments should be put into effect.

While much can, and if necessary will, be accomplished under present conditions, the adoption of the new law will do much to lighten the work and hasten its completion. These amendments seem to provide the only rational method yet proposed for securing to the people legitimate control of the great corporations in the essential matter of the rates of passenger transportation.

A REASONABLE OFFER

The recent decision of the Appellate Court in the matter of the disinterment and removal of dead bodies, did not decide the question of the reasonableness of the fees charged by the county. That proposition was not raised and the court only decided that the county ordinance was not in conflict with the State law. The court did say, however, that the fee exacted by the ordinance was somwhat large.

If the ordinance is aimed to raise revenue then it is void. The fee to be charged cannot be disproportionate to the services necessary in safeguarding the public health. The State law is framed for the same purpose as that of the county ordinance, and the fee charged is only twenty-five cents for each removal, whereas the county charges $10.

The county ordinance was passed in 1901, and it was not contemplated that there would be wholesale removals. The health officer may be in attendance when disinterments are made, and as a large number of bodies may be removed in a single day this would not detail much work upon him.

The ordinance then only contemplated single removals here and there in the county on very rare occasions. Conditions have changed, and hence, the ordinance should be amended accordingly.

The great danger is in our losing a big amount of money.

The district attorney, who has gone into the matter fully, recommends that the board of supervisors accept the amount offered by the Chinese Six Companies. Their agent will pay to the county three dollars for the removal of each body. There are now 4000 Chinese bodies to be removed back to China, and 4000 more next spring. He is familiar with the law on the subject, and knows the danger in delaying the acceptance on the part of the county. The bodies will not be removed at the price prescribed by the ordinance, and if the case goes into court upon the question of the reasonableness of the fee to be charged, it is more than likely that the court will be guided to a large extent by the fee charged by the State.

The board of supervisors should follow the recommendations of the district attorney, and accept the amount offered, and thus save for the county a large sum of money.

It is to be hoped that the supervisors will take action at the next meeting and settle the matter and take the money offered.

Hog Raisers on Trial.

Mrs. John Beichel and thirty-four hog ranchers were arraigned Thursday before Justice of the Peace H. W. Lampkin on the charge of maintaining a nuisance in the form of pigs, in violation of the County ordinance.

Peter Bandoni will be the first defendant tried, on Tuesday next. District Attorney Franklin Swart gave the offenders eight months to move their hog ranches from the northern part of the county. Hall C. Ross is council for the ranchers.

At present there are 50,000 pigs that menace the health of residents in the vicinity of Colma.

CHURCR WORKERS SCORE SUCESS.

The fair and bazaar under the tauspices of the women of Mt. Carmel church opened Thursday evening in Germania hall under most favorable circumstances. Judge Fitzpatrick delivered the opening address advising all to be liberal in aiding such a worthy cause. A large crowd was present and the ladies reaped a big harvest. Pioneer booth is in charge of Mrs. J. Kearse assisted by Mrs. H. Jamieson. Mrs. Folsom and Mrs. Cobb. Mrs. Joseph Winter assisted by Mrs. J. H. Hahir have charge of the ice cream table and are ably assisted by Mrs. Joe McAuliffe and Mrs. F. W. Glennan. The sewing circle booth is looked after by Mrs. Minnie Gilbert. Mrs. Geo. H. Buck, Mrs. P. Foley and Mrs. Smith. The candy booth is in charge of the convent girls. Miss Emily Hess manages the fish pond with success and the lemonade stand is presided over by Mrs. J. C. Dickey and Miss M. Green. A neat program will be rendeder this evening. Mrs. J. J. Downey of Menlo Park will render her favorite melodies and Mr. McCarthy of San Francisco will appear in his latest stunts. The fair closes on Monday evening.

Pescadero Correspondence

Dr. D. E. Blackburn, supervisor of the fifth township is to be congratulated on his official record. He went into office five years ago when the township was $5000 in debt and now he has $400 to his credit in the Fifth road district fund. In that time he has built fine roads and good bridges. This is a record to be proud of.

We had quite a hard rain here last Saturday night and there have been several showers since.

Dannie Ray and H. Frey of Santa Cruz have been here for a few days' vacation.

Savage and his crew of men have been working hard to complete the two concrete bridges before the storms start.

J. S. Luis has bought the John Green ranch of Cadose.

Mr. Bettencourt will soon move to San Jose.

Dr. Banks and family are moving to San Diego.

It is reported that F. A. Woodman is going to lease the Al Weeks ranch.

Azro Coburn intends to do all the shipping from Pigeon Point for the next few years, so we are informed.

J. Dudfield was here last Saturday.

The harvestball last Saturday night was well attended and all had a good time.

Joe Pimentell has moved to Santa ta Clara.

Geo. Pimentell has moved to San Jose.

Charles Luscher was here from Redwood City on Wednesday.

Jean Caspers—Expert piano tuner and action repairer, will be in Redwood City one day each week. His work is guaranteed by Dr. Benj. C. Blodgett, rmer organist at Stanford. Leaveorders at this office. 10-9

ANOTHER CURB ON LIQUOR TRAFFIC

Supervisors Preparing to Root Out Undesirable Resorts in Country Districts.

The board of supervisors met in regular session last Monday and transacted considerable routine business:

The following liquor dealers whose applications were presented in Sept. were granted licenses:

First township—Mary A. Cody, San Bruno; John Mangini, Millbrae; Mrs. J. J. McCarthy, Millbrae; W. T. Ford, San Bruno; John J. Welch, Millbrae.

Third township—Harry E. Hallett, Portola.

The following applications for licenses were read and will be acted on a month hence:

First township—Peter Testa, Vistacion; John Clarke, Miramar.

On motion of Casey, seconded by Blackburn, the application of E. Schneller of Rockaway Beach for a liquor license was laid over for one month, he not having his building completed.

The application of A. Baldi for a peddler's license to do business in South San Francisco was rejected

F. A. Brecco of San Bruno was granted a peddler's license.

A communication was received from the Building Trades Council of San Mateo thanking the board for its favorable action on the recent petition of the council asking that bridge carpenters be paid $5 per day

Casey reported that he had conferred with the United Railroad officials regarding a dangerous turn in the Mission road near the Millett place in the First township, as a result of which the company had agreed to buy the necessary land and widen the road. The report was accepted.

A communication was received from the Carpenters and Joiners' union of San Bruno protesting against the action of the United Railroads in refusing transportation to school children at half price.

The protest was accepted and referred to the district attorney.

A letter was received from the Pacific States Telephone Company stating that on account of there being no exchange at Colma, Health Officer Beattie's telephone would have to connect with the San Francisco system and a rental charged according to San Francisco rates would have to be made for it, adde to which would be a monthly charge of $2.50 for the use of the poles of the United Railroads. The company also promised soon to install a telephone for the use of Constable Parker at Vista Grande. The communication was accepted and filed.

A communication was received from the Sacramento Union asking the board to interest itself in a movement to have the waters of the various springs of the state analyzed with a view to make their medicinal qualities known to the public. The communication was filed.

A communication was received from the National Irrigation Congress, which will convene at Chicago from December 5th to 9th, requesting the board to interest itself in irrigation matters of value to the state. The communication was filed.

A communication was received from the State Board of Health notifying the board that a convention would be held at Santa Barbara from October 23d to 27th and asking that the county health officer be enabled to attend.

The matter was referred to District Attorney Swart who advised the board that it had authority to pay the expenses of the health officer as a delegate to the convention.

Bids for the South San Francisco school bonds amounting to $14,000 and bearing 5 per cent interest were received as follows:

J. H. Adams—Par and accrued interest and premium of $251.

N. W. Halsey—Par and accdued interest and premium of $11.50.

It was the opinion of the board that the price offered by the highest bidder was unreasonablely low, and on motion of Francis, seconded by Blackburn, it was ordered that the sale of the bonds was postponed until the next meeting and in the meantime the clerk is to communicate with the South San Francisco school trustees and ascertain if the bid is acceptable.

James T. O'Keefe complained that the poles of the United Gas and Electric Company, now being erected on Glenwood avenue in the Menlo Park Lighting district were in some instances a menace to the public.

Mr. Bragg, the company's representative, stated that the poles were being erected according to the ordinance.

On motion of Blackburn, seconded by Casey, the matter was referred to the chairman to investigate and correct if necessary.

A resolution was presented by Francis, seconded by Blackburn and adopted directing that hereafter no claim for material furnished or labor performed on culverts and bridges be allowed unless said claims shall specify the particular culvert or bridge on which work was done.

District Attorney Swart presented an amendment to the liquor ordinance raising the minimum penalty for selling liquor without a license to $120, and placing the maximum penalty at $250 for secon offenses. He asked that the old ordinance be not repealed and that the amendment be adopted at once as he desired to commence prosecution against offenders. Brown was desirous of incorporating other amendments in the proposed amendment. Swart stated that it would be possible to make any changes desired at a later meeting. He was anxious to have the penalty amendment adopted at once.

McEvoy was authorized to appoint an inspector of the joint concrete bridge now being built over the San Francisquito creek.

The chairman notified the members that a meeting of the State Highway Commission would be held at the Merchants' Exchange in San Francisco on Tuesday to which the supervisors of San Fnacisco, Santa Clara and this county were invited. All of the members signified their intention to attend and furnish the commission with data relative to the amount of travel on their respective roads.

Francis stated that it was necessary to construct a culvert in the road near the Nelson place at Purissima, the cost of which would not exceed $230. On motion of Brown, seconded by Blackburn, he was authorized to have the work done at day's pay.

McEvoy stated that it was necessary to construct a culvert in the county road near the Family Club at Portola, the cost of which would not exceed $400. On motion of Blackburn, seconded by Francis, the clerk was directed to advertise for bids for the contract.

Chas. Meyer addressed the board in reference to the passage of the amendment which increases the penalty for violation of the liquor law. He claimed to represent the Royal Arch and wanted all "blind pigs" in the county closed.

Brown asked Meyers if he was engaged in the liquor businessin the county and the latter said he was not and that he resided in Napa. Brown thought it queer that he was taking such an active interest in the affairs of San Mateo county.

Brown read a rough draft of some additional amendments that he desired made to the liquor ordinance which are as follows:

Applications for liquor licenses must be well known residents of the county and men of good character.

No more than two special permits shall be issued to a dealer in any one month.

Front doors of buildings in which liquor is sold shall be of clear glass affording an unobstructed view of the interior at all times.

County peace officers shall have the same authority to enter and examine the interior of a saloon as is had by Federal officers.

Saloons shall close at 12 o'clock after which hour all lights shall be extinguished.

Mr. Brown explained that the saloon business of the county was sadly in need of correcting. Not only should the "blind pigs" be exterminated but the "sightless hogs" be driven out as well. He stated that there were resorts in the county which brought ruin to young boys and girls and said he was only voicing the wishes of the fathers and mothers of the county when he asked that they be closed. He would, if necessary, present the names of these resorts to the board if they were not done away with.

He moved that the amendments presented by him be incorporated in the ordinance prepared by Mr. Swart and made a part of the county liquor ordinance. The motion was seconded by Blackburn and carried, Francis and Casey voting no.

Both of these members were of the opinion that the present ordinance if enforced would correct the evils that Mr. Brown mentioned. They were desirous of at once imposing a heavy penalty for selling liquor without license so that the district attorney might proceed against offenders.

John O'Farrell, the superintendent of the courthouse grounds reported that the lawns and flower plots were established and ready for the board's acceptance. The expense of the grounds during September was $246.50, making a total of $6196.15. The report was accepted.

Mr. O'Farrell also petitioned to be appointed courthouse gardner, offering to care for the grounds without help for $100 per month.

It was moved by Casey and seconded by Francis that O'Farrell's petition be accepted and that he receive $100 per month, the same to be paid by warrant issued by the auditor. The motion was carried, Brown voting no, Blackburn was absent when the vote was taken.

STREET WORK NOW UP TO THE PEOPLE

Owners of Property Announce Intention to Pave Streets by Private Contract

At the meeting of the City Council last Monday evening the solution of the problem of much needed desired street improvment was formally passed up to the private property owners of the city by the trustees. Declaring that the present laws are too cumbersome and uncertain to be available for the purpose, resolutions were passed ordering that pending proceedings for the establishment of improvement districts should be abandoned, and that in districts where assessments had been paid that the moneys be returned. This action was expected and comes as the result of the inability of the Council to find purchasers for the bonds. From statements made, however, this does not indicate that the movement for better streets is to be abandoned or that owners of property are not ready to do their share towards the general improvement of the city. In fact it was distinctly stated that in many localities those interested are already moving in the direction of providing for the doing of the work under private contract. Representing a large number of the owners of property in this section known as district 17, Attorney A. Kincaid stated to the council that his clients were already moving in this direction and hoped to be ready to present for approval at the next meeting plans for the work. City Engineer Pioda, he said, had already been consulted in the matter and had signified his approval of the plans suggested. C. C. Benson, also the owner of considerable property in the same district, stated that a number of those interested had been consulted and the plans met with general approval, it being the intention to so modify the specifications that it was hoped to provide an even more durable improvement at a reduced cost. In order that no unnecessary time should be lost, City Engineer Pioda was given authority to secure the necessary engineering data to assist in the preparation of these plans. While no definite sctatements were made as to the other districts, it is understood that much work will be prepared for private contracts as soon as the winter rains have passed.

Dr. J. L. Ross, the city health officer, was named as the delegate to the annual meeting of the League of California Municipalities and convention of State Health Officials to be held at Santa Barbara October 23d to 25th.

An application from E.F. Schumacher for the refund of an unearned portion of a saloon license paid by him was laid over until the next meeting, there being some doubt as to the legal dright of the council to refund portions of licenses.

A communication from Geo. A. Delay and F. S. Sears, as a committee of the Redwood City Improvement Association, called attention to what was characterized as the deplorable condition of a creek which should drain the section west of the County road, between Vera avenue and the Woodside road. It was complained that the creek was much too narrow for a portion of its course and was seriously obstructed by undergrowth. The committee was informed that the trustees were aware of the difficulty and had given the matter serious consideration but were unable to suggest a remedy owing to the fact that the creek traversed private property and the authority of the council to compell its improvement was at least a matter of grave doubt. In the hope of a solution, the request was referred to Chairman Merrill and Street Superintendent Dickey to endeavor to induce the owners of adjoining property to take some voluntary action for their own good as well as that of their neighbors. At the request of the same committee the trustees will make at tour of investigation of the district with a view of extending the street lighting system so as to provide relief for residents of Oak avenue.

Street Superintendent Dickey reported that he had invstigatd conditionson Roosevelt avenue and found the roadway in rather bad condition and covered with a rank growth of weeds. In his opinion it would not be practicable to attempt to repair the roadway at this time. He recommended that the weeds should be clared off and the street allowed to stand until next spring when it should be given a coating of screenings and oil and properly rolled. The recommendation was adopted and authority given for the cutting of the weeds without delay.

Charles P.N ott applied for a payment of $1195 on account of extra work on the Center-street bridge The claim was laid over until the next meeting in order to give the superintendent of the work an opportunity to verify the figures.

Mr. Hess suggested some slight changes in the specifications for one of the bridges in his contract for the work on the County road, this time offering a rebate to the city of $40 if his suggestions were accepted. After a careful consideration it was decided to accept the suggestion and save the money.

Henry F. Butts has applied in the superior court for letters of guardianship upon the person and estate of Josephine Herling, an incompetent person. Successful Teachers Institute.

For the first time in twenty years and the second time in the memory of the writer the institute was held this year in San Mateo. Last year, by vote, the teachers so ordered it. The meetings took place in the auditorium of the magnificent new San Mateo Union High School.

The first session was called to order on Monday morning by County Superintendent Roy W. Cloud. Mr. Geo. E. Britton who had been appointed secretary called the roll of one hundred and thirty-eight teachers and nearly everyone was found to be present. Mayor C. M. Morse of San Mateo was then introduced in both humorous and serious expressions he welcomed the teachers to his city, hoping they would find both pleasure and profit during their stay. B. E. Meyers of Redwood City responded in a poetical strain.

For convenience in the work, the institute was divided into two groups, one consisting of the higher grammar school teachers and the high school teachers and the ohters of the remaining teachers. The chief lecturers of the institute were Prof P. E. Davidson of Stanford University, H. L. Coggins of San Francisco, Loyal L. Wirt, formerly commissioner of education for Alaska, Dr. Richard G. Brone of the University of California, Dr. William F. Snow, secretary of the state board of health, Thos. E. Hayden of San Francisco and Prof. S. E. Rugh of the University of California. Vocal and instrumental solos were rendered by Miss Vera Emerson of San Mateo, O. M. Carrington of Redwood City, Mr. Taylor, Miss Gertrude Beeger of Redwood City, Miss Stella Carlyle, Miss Alma Greenlaw, W. H. Hutton, Ernest Marcus, Herbert Bonner, Miss K. Wolfenden and Miss Elizabeth Grummon. Mrs. W. E. Bain cheered the gathering with a number of humorous recitations. Mr. O. M. Carrington exemplified his musical work in the lower grades with a class of children from Redwood City.

Miss Manuelita Koefoed of Colma brought a class to the Institute to show her way of teaching "folk dances."

Mr. G. W. Hall of San Mateo explained the course of study in arithmetic and language; W. J. Savage of Jefferson district, geography and civics; S. P. McCrae, physology and history; and Roy W. Cloud, reading and writing.

R. W. Mantz of Redwood City spoke on "Games and Equipment."

Miss Elsie Northrup discussed "Relaxation in the School room."

Miss Elizabeth Lavarene spoke on "Attention in the Receiving Class, and Miss Harriet M. Mecrill, "Snow Bound."

The most pleasant feature of the Institute was the automobile ride around the lakes that the good people of San Mateo treated the teachers to. It was an unexpected pleasure which they will not soon forget.

From beginning to end the institute was both pleasant and profitable and reflects credit upon our popular superintendent, Roy W. Cloud.

VOTE FOR THESE AMENDMENTS.

The following communication has been addressed by the County Development Association to its members and also to the public through the press:

Three amendments to the State Constitution—Assembly amendments 6 and 50 and Senate amendment 47 will come up for adoption at the special election held Tuesday, October 10th; of special interest to the people of this county, enlarging as they do the powers and scope of the Railroad Commission and offering further opportunity for a winning fight on the part of this county for lower passenger transportation rates.

The main changes conteplated by these amendments follow:

Assembly amendment 6—The Railroad Commission is to be increased from three to five members, being appointed by the governor for six year terms, expiring at different intervals instead of being elected for four year terms from the present districts. Existing doubts as to the right of the legislature to confer additional powers on the commission are removed and the increase in its members will enable it to properly handle its rapidly increasing business. Technical skill is needful in this office and experience has shown in Wisconsin and New York that the best results are obtained from the appointive system. Increased efficiency on the part of the Railroad Commission will follow the passage of this amendment.

Assembly amendment 50—Raises in charges for transportation of freight or passengers must, by this amendment, first be justified by a showing before the Railroad Commission and their verdict as to the increase will not be reviewed by any court except on the question of whether the same is confiscatory. No discrimination in charges for transportation of the same classes of freight or passengers shall be made nor shall the aggregate charge over a short distance be greater than for a longer. By this amendment, the railroad Commission will be enabled to also correct abuses in the discrimination against intermediate shipping points. It adds further to the effficiency of possible rate legislation by removing the probability of decisions which delay or nullify the work of the commission.

Senate amendment 47—Every individual or corporation operating what is commonly called a public utility will be under the control of the Railroad Commission which will have powers of supervision and regulation. Intelligent supervision over all public service corporations of the state will become more possible. State supervision has met with success elsewhere, and should here where conditions are similar. It is provided, however, that cities having the power of supervision may retain same if they so desire or place themselves under the state control of an efficient, systematized, cohesive, central body that would be formed by the passage of these amendments.

These amendments are framed to remedy the hinderances and doubts which have heretofore tended to destroy the value of the Railroad Commission. We ask that you study them, work and vote for them. They mean much to you.

The next booster meeting will be held in Halfmoon Bay, Saturday evening, October 7th.

ELOQUENT SUFFRAGETTES PLEAD CAUSE OF WOMAN.

The California Equal Suffrage Association, held an open-air meeting on Main street Saturday evening. After a few well chosen remarks in which he set forth the benefits of equal suffrage as he found it in other states. J. E. Cowgill introduced the speakers, Miss Scilinghider and Miss Maude Younger who spoke to a large crowd from an automobile kindly loaned for the occasion by Dr. Ross. The speakers in a pleasing manner set forth the needs of equal suffrage in California. Miss Younger is one of the few rich women of San Francisco actively engaged in the work of helping her wage-earning sisters to secure improved working conditions. Although endowed with wealth, education and social position, she decided many years ago to devote her life to the work of helping her less fortunate sisters. Miss Younger is a cousin of the Misses Lane of this city. Sunday afternoon Mrs. H. H. Greeley an eloquent lawyer of New York spoke on the same subject.

Man and Woman Walk 700 Miles.

Frank W. McIntosh and Frances Robinson, the latter a pretty young blond woman, passed through this city Friday forenoon on a 700-mile tramp from San Diego to San Francisco. Both are writers and are gathering "dope" for present and future use. They left San Diego August 10th and Made San Francisco Saturday morning. They followed El Camino Real all the way and stopped at all the missions. They were dressed in khaki with high boots and are the picture of health.

NO REASON FOR IT

When Redwood City Citizens Show the Way.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of serious kidney ills when relief is so near at hand and the most positive proof given that these ills can be cured. Read what a Redwood City citizen says:

Fred Haussler, 101 Stambaugh St., Redwood City Cal., says: "My kidneys were disordered and the kidney secretions were unnatural. Knowing that difficulties of this kind often result seriously if allowed to go unchecked. I was anxious to get relief. Seeing Doan's Kidney Pills highly recommended, I got a box at P. A. Ryan's Drug Store and their use completly removed my trouble. In July last I publicly testified in praise of Doan's Kidney Pills and at this time I gladly confirm that statement. This fact justifies my speaking more highly than ever of Doan's Kidney Pills."
